Well, we got through the HIPAA FAQ series. Now, what did you learn? Are you compliant? You should have managed to figure it out by now. If you still do not know, I am sure you are not compliant.

If you are not compliant, I can help. My manuals are designed so that you do not have to worry about it. They are to be an easy, simple and straight-forward approach to HIPAA Privacy and HIPAA Security compliance. I am there to help you all the way through it.

Every once in a while, I just have to say.....get the manuals....and get compliant. You should not have to think about it any more. Your job is to get sick people well and grow your practice. HIPAA is just something that you have to do because it is the Law!

This will be the last time that these manuals are available at the regular low price of \$374.00 for both manuals. I have hesitated to increase the cost, but I no longer have a choice.

I want to make sure that as a service to all of you, you have one more opportunity to purchase both of the manuals for \$374.00 before August 15th, the regular price to purchase both manuals will be \$454.00. **That is a \$70.00 savings.**

If you only need one of the manuals. The price for one today is \$187.00 and effective August 15th the individual price will be \$227.00.

You can either go to my website or purchase through the email link below. Get it now!
